WHO WE ARE

AND WHAT WE DO

From Product Launches and Corporate Functions, through to Hollywood and other themed parties, we are here to make your guests feel special at your event. Our guys really look the part dressed in classic retro outfits with trilby hats and retro cameras; or smart suits to modern paparazzi - we strike the perfect balance between stylish entertainment and technical excellence.

All our photographers are fully qualified professionals, so we can create a great atmosphere AND take superb photos and video. Our red carpet reporters will interview your guests, awards winners, and be your roving reporter on the night which is all recorded live for you to view later! Why not add on our Photo-Zone or a real red carpet for your event?

PAPARAZZI PHOTOGRAPHERS

MAKE THE BEST ENTRANCE TO YOUR EVENTS AND PARTIES.

Our paparazzi photographers give a fun start to any event and make your guests feel special. Our guys really look the part dressed in classic retro outfits and cameras, or chose smart suits or modern paparazzo - we strike the perfect balance between stylish entertainment and great photos.

Choose up to five photographers for a real flashy extravaganza! Once the initial arrival of attendees has concluded, you can opt to keep the photography coverage throughout the duration of your event.

All images are put onto a private website to view and download by your guests after each event.

RED CARPET REPORTER

MAKE YOUR GUESTS THE REAL STARS OF AWARD NIGHTS.

Our reporters add a glamorous twist to any red-carpet event, interviewing your guests on arrival or acting as a roving reporter throughout the night. With our cameraman in tow shooting HD video, they make any party a glitzy event! Great for awards ceremonies, landmark birthdays, PR launches and corporate events. Perfect for capturing all your guests' comments and tributes, recording vox-pops from party goers.

We edit the footage into a professional video for you and your guests to enjoy on a private video channel.

PHOTO-ZONE

For fun or formal photos with professional results. If you're having a formal or fancy dress event, why not hire our open photo-zone? Much larger than an ordinary Photo-booth with a large backdrop, studio quality lighting for producing high quality images of your guests.

Great for formal events and we have a great prop box for those fun nights and parties. Green screen options also available for your own themed backgrounds and we can either print on the night or display photos live at the event. Hire along with the paparazzi for great discounts.
